Volpi Marine Inc.
P.O. Box 281
Northport, NY 11768

Volpimarine@aol.com

To Our rental customers:

Enclosed is a RENTAL MOORING INFORMATION sheet if you have rented from us before, and a green ORDER FORM for any new moorings or changes. Please sign and return with full payment. If no changes were made sign the RENTAL MOORING INFORMATION sheet, otherwise fill out and sign the green ORDER FORM.

- If you rented from us last season we'll reserve the same size mooring until March 1 of this season.
- After March 1 all unrented moorings are available on first-come basis. If placing your order after March 15 please call us first to check inventory.
- If you rented a mooring from us last year, you'll find your name and address as it appears in our records on the RENTAL MOORING INFORMATION sheet. Also shown are the mooring weight, buoy name, location, accessories and installation date. Please check and update any information necessary.
- All orders must be placed in writing, on the enclosed form, and must be accompanied by payment in full. We cannot reserve or install any mooring on partial payment.
- Please be advised that we service five harbors between Northport and Oyster Bay. It's difficult for us to install moorings in exposed areas early in the spring. We must give priority to moorings used for permanent anchorage and to cases where a boat is in the water and operational. We'll make every effort to meet your requested installation date, subject to seasonal weather conditions. Your patience will be appreciated.
- The following towns and villages require all boat owners using their anchorages to obtain permits. We cannot obtain a mooring permit for you or install a mooring in these areas unless you have a valid permit. If you plan to moor in any of the listed below, you must contact the office indicated for instructions.

Town of Huntington
631-351-3255

Lloyd Harbor
631-549-8893

SPECIAL INSTRUCTIONS FOR LLOYD HARBOR

The Inc. Village of Lloyd Harbor requires that all mooring permit numbers be painted on buoys, so we will need to have your permit number at the time we receive your order. MOORING WILL NOT GO IN WITHOUT A VALID PERMIT #.
